

Year 3 Summer Term B

Computing: The children will learn about presenting using PowerPoint.

RE:

How and why do people care for our world?
The children will consider this question from different religious and non-religious viewpoints and think about how we can look after the planet.

PE:

The children will be learning to use their skills to play tennis and outdoor athletics ready for sports day!.

Art:

Painting – with a focus on mixing tertiary colours and using shades in tints. The children will study the work the Claude Monet and use this to create their own paintings of the natural world.

What's happening in our natural environment?

Children will spend the half term learning about some of the amazing plants that grow in different places around the world!

As part of this topic, we will be visiting Wandlebury Woods
If you have any expertise on areas of the topic we are covering this half term and would be interested in sharing please let us know!

PSHE:

Managing Risk: Children will learn about the importance of having a healthy lifestyle.

Music: Instrumental tuition – the children will be learning to play the recorder.

French:

Je Peux – I am able.

Science:

Plants - Children will find out about the special jobs the different parts of the plant have. We will find out more about how seeds are dispersed. We will also conduct an investigation based around plants.

English:

In English, the children will be writing a narrative based upon 'The Flood' by Alvaro F. Villa.

Maths:

- Continue to practise the 4 and 8 times tables and relate these to the corresponding division facts and learn the 3 and 6 times tables.
- Unit and non-unit fractions.
- Tell the time to the nearest minute, use the 24-hour clock, find, and compare durations of time.
- Parallel and perpendicular lines.
