

'Parentmail' is our emailing system we use to notify you of any school news and to communicate with you.

The email address you give us will be entered into the Parentmail system and any messages will be sent to that address.

Only staff at our school can send you messages using this system and any notices will be relevant to your child, your child's year or for whole school messages.

Once registered, if you have an Android or Apple smartphone, you can download the ParentMail App. To do this, simply search for "ParentMail" in your App store.
